## Useful demographic information

The population profiles of Lane Cove, Mosman and Willoughby LGAs are generally similar with approximately 5% of the residents in the 0 – 4 year age group and the largest proportion of residents in the 35 - 44 year age group. North Sydney LGA has a smaller percentage of young children 0 – 14 years and the 35 – 44 year age group comprises over 40% of the population compared to 30 – 34% in the other LGAs. In addition to the resident population, both the Willoughby and the North Sydney LGAs attract and service populations employed in their major business centres. The business centre of Chatswood attracts some 16,000 persons daily; North Sydney's resident population grows by approximately 50,000 persons during the week days. In terms of providing services, this daily influx of working persons should be considered.

Services	Details of services	Information and background
Individual Practices		Individual variation in surgery hours and A/H cover <ul style="list-style-type: none"> <li>▪ Use of combination of self/GP and deputising service has increased substantially</li> <li>▪ GP Cooperatives with other surgeries has decreased</li> <li>▪ Majority of GP provided cover dealt with by telephone</li> </ul>
Chatswood 24 Hours Medical Centre 270 Victoria Ave Chatswood NSW 2067 Phone: (02) 9413 2222	24 Hour Service	Bulk-billing clinic with pharmacy and limited X-ray facilities for A/H

## Useful demographic information

The Division's geographic area is populated by residents from diverse ethnic and socioeconomic backgrounds; some 38% of area residents were born overseas with two-thirds from a non-English speaking background. The area is mostly settled by those born in Greece and more recently Asia. The population profile indicates more older people (age 65 and older) than the state average, fewer children and a substantial Aboriginal and Torres Strait Islander population.

<b>Services</b>	<b>Details of services</b>	<b>Information and background</b>
