Married  
2 children – Sophia 16 & Nicholas 14

### **Qualifications:**

M.B., B.S. (University of Sydney, 1977)  
DRANZCOG (1980)  
MRACGP (1987)  
PhD (University of Sydney, 2000)

### **Experience:**

When it comes to quality of life for a rural and urban general practitioners, the best defence is a good offense. Professor Molodysky is pledged not to shy away from hard-hitting and controversial issues and to take the professions most pressing problems head-on. Only with open and frank representation can we deliver the best possible work-life, family-life and be able to sleep at night.

Over the past two decades Prof Molodysky has made an extensive, sustained contribution to the Discipline of General Practice through his senior involvement in regional, state and national organisations. He has risen to the top of the organisations he has directed and chaired through peer election and invitation. His success in developing and building efficient and productive clinical and corporate organisations such as the Eastern Suburbs Division of General practice and the Sydney Institute for General Practice Education and Training demonstrates his experience and competence in corporate and clinical governance, strategic and business planning, and continuous quality improvement.

Professor Molodysky is committed to delivering the best possible work-life and family-life to general practitioners.
